WMU 2022 Spring Semester Course Evaluation

NUR 314 - Nursing Research
Prof. Judy Kim

As part of WMU's mission to provide high-quality educational experiences, your instructors are interested in your evaluation of this course. Please answer the question honestly based on your personal experience in the course. Your responses will remain anonymous.

	Strongly Agree	Agree	Neither Agree or Disagree	Disagree	Strongly Disagree	N/A
SELF EVALUATION						
1. I actively participated and engaged in classroom activities.						
2. I consistently prepared for class to advance my learning in this course.						
3. I have been motivated and challenged to learn more than I expected.						
COURSE EVALUATION						
4. This class has increased my interest in this field of study.						
5. The course activities were well designed.						
6. The course followed the syllabus presented at the beginning of the course.						
7. Student <u>learning expectations</u> were clearly defined.						
8. The grading practices were clearly defined.						
9. The course workload and assignments were appropriate for this course level.						

10. The instructional materials (i.e., books, readings, handouts, study guides) increased my knowledge and skills in the subject matter.						
11. Exams and assignments were reflective of the course content.						
12. I would recommend this course to a fellow student.						

FACULTY EVALUATION

13. The instructor demonstrates expertise in the course content.						
14. The instructor was well prepared for the class and used class time efficiently.						
15. The instructor presented the course material in a clear manner that facilitated understanding.						
16. The instructor's teaching methods were effective and diverse (i.e. PowerPoint, discussion, video, etc).						
17. The instructor provided feedback on my course progress in time for me to adjust before the next test or assignment was due.						
18. The instructor was available to students outside of the scheduled class time including email, phone, or kakao-talk.						
19. The instructor graded consistently with the evaluation criteria.						
20. The instructor treats students with respect.						
21. The instructor demonstrates sensitivity when students express diverse and differing views.						
22. I would recommend this instructor to a fellow student.						

LEARNING OUTCOMES EVALUATION

23. This course helped me develop and integrate the research process and its relationship to evidence-based practice with critical thinking.						
--	--	--	--	--	--	--

24. This course helped me integrate nursing education to professional nursing practice.						
25. This course helped me demonstrate competency with collaboration, critical thinking, and communication through individual projects.						
ESSENTIAL OUTCOME EVALUATION						
26. This course demonstrates the nurse’s role as an advocate for vulnerable and at-risk individuals, families, communities, and populations (Essential #5).						
27. This course enhances the knowledge of evidence-based practice in nursing (Essential #3).						
28. This course improved my critical thinking and clinical decision-making based on evidence-based practice and patient-care technology (Essential #4).						
29. This course improved the interprofessional communication and enhanced the ability to recognize the difference in leadership roles and management functions in collaboration for improving patient health outcomes through health promotion during the life cycle (Essential #6).						

OPEN-ENDED QUESTIONS

1. Please indicate what you liked best about the course.

2. What are the instructor's strengths?

3. How can the instructor improve?

4. How can we improve the course to meet your expectations of goals in this program?

** 소중한 답변 감사드립니다 **
