Length	2 years	1 years
Admission	<p>Students who apply for the Certificate in Christian Ministries and NGO certificate programs must have an earned high school diploma or its academic equivalent. Students who desire to take courses by audit will not be subject to this requirement.</p> <p>Once the student submits the application and the supporting documents, the Admissions Office reviews the documents and confirms the completion of each applicant's file. The application and records are submitted to the admissions committee for evaluation based on the following criteria:</p> <ul style="list-style-type: none"> ● Evaluation of prior academic performance and the ability to successfully complete the academic program; ● Recommendations; ● Additional materials are required for nursing, MDiv, Music applicants; and ● Interview with program director <p>Applicants will be officially notified by mail, and admitted students will receive new student orientation information.</p>	
Success	<p>Certificate program students are to follow the same guidelines as undergraduate students as stated below.</p> <p>Full-Time Undergraduate Students:Satisfactory Academic Progress toward a baccalaureate degree as a full-time undergraduate student is obtained by completing 12 or more credits per semester or 24 or more credits per academic year while maintaining a cumulative GPA of 2.0 or higher. Repeated courses which students previously passed cannot be counted toward minimum Satisfactory Academic Progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate.</p>	

	At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting completion requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.
Graduation	WMU offers a Certificate in Christian Ministries. For students completing the certificate program, WMU awards a certificate based upon the successful completion of the requirements of each program.

BA in Social Work	39	30	27	10	20	126	

2. Length, Admission, Success and Graduation

Length	4-6 years
Admission	Students who apply for the Bachelor of Arts degree must have an earned high school diploma or its academic equivalent.

	<p>Once the student submits the application and the supporting documents, the Admissions Office reviews the documents and confirms the completion of each applicant's file. The application and records are submitted to the admissions committee for evaluation based on the following criteria:</p> <ul style="list-style-type: none"> ● Evaluation of prior academic performance and the ability to successfully complete the academic program; ● Recommendations; ● Additional materials are required for nursing, MDiv, Music applicants; and ● Interview with program director. <p>Applicants will be officially notified by mail, and admitted students will receive new student orientation information.</p>
<p>Success</p>	<p>Full-Time Undergraduate Students: Satisfactory Academic Progress toward a baccalaureate degree as a full-time undergraduate student is obtained by completing 12 or more credits per semester or 24 or more credits per academic year while maintaining a cumulative GPA of 2.0 or higher. Repeated courses which students previously passed cannot be counted toward minimum Satisfactory Academic Progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate. For example, in a program requiring 126 credits progressing at 12 credits, a student would have 11 semesters (approximately 5 years) to complete the program. When a student takes 12 credits each semester, he/she is considered full time, however, in order to complete the program within the "normal" time frame, a student must take approximately 15 credits each semester.</p> <p>At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting graduation requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university. Undergraduate students receive an academic warning when the semester GPA is lower than 2.0 but the cumulative WMU GPA is 2.0 or higher. This notation is not recorded on the student's academic transcript.</p> <p>To remain in acceptable academic standing, an undergraduate student must maintain a cumulative GPA of 2.0 in their coursework taken at World Mission University. The school will notify the student in writing, when their cumulative GPA is below 2.0 and place the student on academic probation for two semesters. Academic probation will be recorded on the student's permanent academic record.</p> <p>Students on academic probation are limited to a course load of 12 credits or fewer.</p> <p>A student failing to attain the minimum GPA during the probationary period may be dismissed. If the student remains on probation for two consecutive semesters the student may be dismissed from WMU.</p> <p>If the student raises their cumulative GPA above the minimum requirement during the probation period, he/she will be removed from probation and it will be recorded on the student's academic record.</p> <p>If a student is dismissed for failure to meet academic standards, the student may appeal to the Academic Committee for readmission. The student must show that there were exceptional circumstances involved and provide evidence indicating that he or she can remove the GPA deficiency within one semester.</p>
<p>Graduation</p>	<p>In addition to the regulations outlined under the sections dealing with degree requirements in this catalog, a Grade Point Average of 2.0 or above is required for graduation with the bachelor's degree. Students must fulfill all financial obligations to WMU and file a petition to graduate before the middle of February to be eligible to receive a degree in June.</p> <p>Students must file their applications and pay their graduation fee at the time of enrollment for their last semester of study. All financial accounts and documents, files, etc., are to be in satisfactory order before a student is permitted to graduate. Students are expected to be present for graduation. Graduation in absentia will be permitted only by special approval of the Chief Academic Officer in response to a written request that cites acceptable reasons.</p>
